ITINERARY

Dives

| | | |
|--------------|---|----------|
| Day 1 | Check-in on board MV Mermaid II between 14:00-16:00 hours in Benoa Harbour Bali. After the boat and safety briefing, we'll set up equipment and you can settle into your cabin. Dinner will be served at 19:00 hours as we cruise into the sunset on overnight journey to Moyo Island, north west Sumbawa | 0 |
| Day 2 | Start your adventure with a great dive in the calm, clear waters of Angel Reef at Moyo Island. Massive elephant ear Massive elephant ear and barrel sponges, schools of long fin banner fish and red tooth triggers In their hundreds, frog fish, nudibrancs, eels, surgeon fish, snapper, dog tooth tuna checking out what is for lunch ! Visit the local village then its lunch for us! Next is a great dive at Panjang Reef – are the pygmy seahorses here? Then we cruise 2 hours to Satonda Island for a world class night dive after watching a million bats fly at sunset. After a great dive and dinner we cruise overnight to Sangeang Island, off the north coats of Sumbawa | 3 |
| Day 3 | 2 dives at Sangeang Island for rare nudibrancs, pygmy seahorse and underwater hot springs that support this very unique marine life Cruise to Gili Banta for exhilarating dives at Tanduk Rusa turtles, colorful reef stone fish, Spanish dancers – calm sea- a great place to stay the night | 4 |
| Day 4 | If the tide is right we hunt grey reef shark and dolphin at Taka Toko Gili Lawalaut. Dive 2 is a fast drift with pelagics and manta at Lighthouse Reef or the Old Passage. Then Crystal Rock awesome soft corals and the chance for sharks, turtles, giant Maori wrasse, a "fish soup" dive with a high chance of eagle rays too! Then we cruise south for fascinating night dive at Pink Beach near the entrance to the Komodo National Park | 4 |
| Day 5 | Start your day with an exciting visit to Komodo National Park to walk with the dragons ! Then relax as we cruise 2 hours south to Horseshoe Bay Raja Island. Spectacular Then relax as we cruise 2 hours south to Horseshoe Bay Rinja Island. Spectacular diving await at the world famous site Cannibal Rock – rare nudibrancs, frogfish, spectacular corals, sponges, ascidians, huge black coral bushes, turtles, cuttlefish, loads of reef fish too Watch dragons on the beach, monkey, deer, wild pigs along the shore, go beach combing.... Maybe even a chance to follow whales and dolphin feeding in the calm bay. We overnight at this peaceful place, night diving at one of the many fabulous spots | 3 |
| Day 6 | The Three Sisters call us to Padar Island for sharks and nudibrancs, surgeon fish and devil Rays. Manta Alley or Takat Makasar follows for the chance for a manta aggregation – WOW! Batu Bolung aka "Current City" is the home for large Napoleon Wrasse, turtles, blue fin trevally Or maybe a dive at Tatawa Kecil – we check out the currents first to make sure the dive will be cool for everyone on board! Then we say goodbye to Komodo National Park with a fabulous Night dive at Gili Banta with Coral Cat Shark or we cruise west enjoying a post dinner night dive along the way. Overnight we cruise to Satonda Island | 4 |
| Day 7 | We enjoy two fantastic dives at Sumbawa Surprise – macro enthusiasts will be in 7th heaven then on to Moyo Islands for more chances for ghost pipe fish, ribbon eels, turtle, cuttlefish and more before we cruise overnight to Benoa in the south of Bali. Off gas as we cruise into the sunset with the crew rinsing and packing your equipment for you...paradise Mermaid Liveboards style! | 2 |
| Day 8 | After breakfast we transfer you ashore at 8.30am to continue your vacation...or its time to head home to start planning your next Mermaid Liveboards cruise! | 0 |

Batu Bolong aka “Current City” is the home for large Napoleon Wrasse, turtles, blue fin trevally Or maybe a dive at Tatawa Kecil – we check out the currents first to make sure the dive will be cool for everyone on board! Then we travel further east in the Komodo national park and begin our journey to Maumere | 4 |
| Day 7 | After arriving in the Maumere area we enjoy some of the amazing critter diving this area offers. Unique diving, interesting area with loads to offer all levels of divers | 2 |
| Day 8 | After breakfast we transfer you ashore at 8.30am to continue your vacation...or its time to head home to start planning your next Mermaid Liveboards cruise ! | 0 |

With this itinerary we strongly recommend you allow a day for looking around Maumere area – this way you can maximize the number of dives and enjoy some of the great muck diving Maumere offers. Perhaps if you would like to sightsee then contact indo.liveboards@gmail.com and they can recommend some sightseeing packages for this fascinating area

Trips starting in Maumere follow a similar itinerary however in reverse ! disembarking in Bali around 8:30am on the last day for transfer to your hotel or the airport

| DAY | ITINERARY | | Dives |
| Day 1 | Check-in on board MV Mermaid II anytime from early morning through to our departure time around 16:00 hours. If arriving early we can assist with some local sightseeing programmes indo.liveboards@gmail.com After the boat and safety briefing, we'll set up equipment and you can settle into your cabin. Dinner will be served at 19:00 hours as we cruise east to Palau Mas (Serbete) | | 0 |

Day 2 The schedule for this region is not as “fixed” as we like to evaluate conditions and divers and what is hot at the moment . The phase of the moon and ensuing currents also factor highly in dive site selection. Lots or little experience, Mermaid Liveboards will ensure we provide dives to suit all levels and ensure all have a brilliant dive holiday. Islands and areas we will be visiting include Serbete, South Adonara, North Adonara, Tanjung Kuli, Pulau Lapang, Pulau Balang, north east Paular, Pulau Ternate in Alor/Pantar Strait, Lewolu (in the Kalabali channel), Beta Island, Pulau Para, Beangabang Bay at Pantar, Pulau ura **20**

to Diving opportunities include dramatic sheer walls, crystal clear reef tops, caverns, deep ledges, black sand, lava flows, and night dive gravel areas that give Lembeh a real run for its money, sea mounts and fringing reefs – paradise for all divers and well worth adding the Maumere-Alor-Maumere cruise to your list of awesome dive places you must enjoy !

Day 6 Flying tomorrow then sightseeing for you today !. If extending your trip in the Maumere area then we will enjoy some of the great dives this area has to offer ! **0-2**

Day 7 After breakfast we transfer you ashore at 8.30am to continue your vacation...or its time to head home to start planning your next Mermaid Liveboards cruise **0**

Day 8 Maumere is only a short flight from Bali. There are a number of comfortable but simple resorts plus sightseeing opportunities such as the famous 3 Colour Lakes in the craters of Keli Mutu volcano. For more details on this contact our travel team at indo.liveboards@gmail.com and we can recommend sightseeing packages for this fascinating area

Trips starting in Maumere follow a similar itinerary however in reverse ! disembarking in Bali around 8:30am on the last day for transfer to your hotel or the airport.

| Day | MV MERMAID I ITINERARY SORONG-RAJA AMPAT-SORONG | Dives |
|-----------------|---|-----------------------|
| Day 1 | Check-in on board MV Mermaid I. As guest arrivals take place all through the day depending on flights you are welcome to board when you arrive and spend some time looking around Sorong, gearing up etc. Following the boat and safety briefing - its overnight to the Misool area. It is almost impossible to put together a daily itinerary due to the magnificent diving everywhere we go. No trip is the same with so many different sites to visit and explore. If there is somewhere in particular you really have your heart set on please discuss with the Cruise Director who will do their utmost to get you there – conditions, ship and your safety allowing! | 0 |
| Day 2 -4 | Misool area – with literally 100's of dives around this magnificent area we will be in diver's paradise for a | 12 9 |

few days. Soft corals, gorgonians – some of the prettiest corals in the world – and the kingdom of the pygmy seahorse ! Pinnacles with masses of fish. Blue water mangroves (crocs depending!) Islands we will thoroughly enjoy the Misool area including Sagof Islands, Wagma and Farondi islands; Wailbatan and Warakaret Island, Kalig, Pele Islands

| | | |
|----------------|--|-----------|
| Day 5-8 | Fiabacet and Farondi Islands and after the 3rd dive of the day spend some time going around the lagoons in the dinghy for amazing sights and wildlife. Then we may head north to Waigeo Island Perhaps we will spend the day around Batanta Island, a black sand environment – great muck diving ! The Mantas call us to Dampier Strait where they hang out at their cleaning stations. But this place is also fabulous for macro diving with critters such as Pegasus, Pontohei Pgymy Seahorse, pipefish etc. And two dives at a small island called Arborek, with a lovely village and a jetty great for diving ! The jetty pillars are covered in soft corals – a photographer’s delight and also good for macro such as signal gobies, nudibranchs and more Pontohei’s etc. Dive around the island of Kawe a great place for schooling fish, and beautiful reefs covered in black coral bushes. And dive Alyui Bay (or a full day around Alyui Bay). In Alyui Bay there is a pearl farm. We can tour the pearl farm and learn how they harvest the pearls, and the whole process of pearl farming. You can even buy pearls. Diving in Alyui bay is good for macro and wide angle. Walls covered in soft corals and sea fans with lots of nudies and pygmies. Also a great night dive in the jetty; Raja Epaulette Shark (walking sharks), wobbegongs, crocodilefish, toadfish and frogfish. Dive around the island of Yanggefo - beautiful mangrove areas, stunning reefs covered in orange and purple soft corals, and submerged reef with lots of schooling fish, and pygmies. The Strait of Dampier are also well known for the amount of schooling fish. There are several pinnacles with zillions of fish. Also the tips (capes) of several islands with again lots of schooling fish; schools of barracudas, school of bigeye jacks, snappers, zillions of fusiliers and surgeonfish, etc.... And lots of wobbegongs | 16 |
| Day 9 | 2 dives in the Strait of Dampier. More of the same. Fish, fish, fish, glorious corals and all! Then back to Sorong we must go. The crew will take care of rinsing and packing your equipment during this 4-5 hour run | 2 |
| Day 10 | After breakfast we transfer you ashore to continue your vacation...or its time to head home to start planning your next Mermaid Liveaboards cruise ! With so many new itineraries and opportunities to choose from you will be back and back and back for more and most welcome on board Mermaid Liveaboards – Asia’s Premier Liveaboard Fleet ! | 0 |

Number of Dives/Site selection: Each itinerary outlined the approximate number of dives planned for each cruise destination. This is always subject to weather conditions and security/safety issues. Dive site selection detailed in the published itinerary is subject to change by the Captain or Cruise Director without prior notice. There are numerous fantastic sites in all the areas we visit and our objective is to take you to the best of the best ! Repeat guests – we'll take you to some new sites or more of those you really love!

What diver certification level is needed for diving in Indonesia ? :

Everyone is welcome on board, no matter what level your certification. Dive groups and site selection will be chosen to meet your safety, comfort and diving ability – and is subject to the discretion of the Cruise Director. Our professional dive crew will take you on the easy route or to another site if you don't like currents. If you are up for it, we'll take you right into it for all the action the site offers ! You may wish to bring a reef hook for some dive sites.

Dive Guides and Diver Safety: Our experienced dive crew would be delighted to assist you. Divers are welcome to dive with their buddy on sites deemed suitable by the Cruise Director. **For diver safety the use of individual dive computers is mandatory for all divers.** Nitrox fills and courses are available on board to enhance your diving safety. Please allow 24 hours between last dive and flying. Guests are requested to show diving certification cards on checking in and are strongly recommended to have valid dive insurance (Padi, Dan or equivalent).

Departure and Arrival Times:

Bali Departures: Boarding time at Benoa Passenger Pier at Benoa Harbour Bali is between 13:00-15:00 hours for our 16:00 hour departure. Please try to arrive in time to make these times or contact us to. Final cruise departure time is subject to guest arrival times. Please liaise with Mermaid Liveboards if your flight times cannot fit this schedule. Transfers from/to the airport or hotels in the south are free of charge. From destinations in central and northern Bali, there is a small charge. Please refer to the price list.

Guests arriving before 12 noon on departure day will be transferred to Mermaid Liveboards at Sanur Beach where you can leave your luggage in safety till boarding transfer at 14:00 hours. After meeting the friendly crew at All 4 Diving you can relax on the beach, enjoy a massage, and go sight-seeing or shopping till 14:00 hours when you will be transferred to the vessel.

Bali Transfer Times: 12:30 – Nusa Dua, Ullawatu, Canggu, Kerobokan, 13:00 Jimbaran, Seminyak. 13:30 Kuta Beach, Legian, 14:00 Sanur Beach; 11:00 Tulamben; 12:00 Candi Desa, Padangbai, Ubud.
The time is to be advised for Lovina Beach and other locations in Bali.

Maumere Flores Transfer Times: We will meet all flights and bring you straight to the vessel on cruise departure day or from your hotel by approx.12 noon. Guests are recommended to arrive one day prior, to enjoy the beauty of the surrounding area and to be sure you can make your cruise connection. Why not visit the Three Colour Lakes in the craters of Keli Mutu volcano! Please contact us on info@mermaid-liveboards.com to assist you with hotel, flight and transfers.

Lembeh – Manado Transfer Times: This cruise does not focus on Lembeh so it is a great idea to combine a Lembeh land based dive trip with your cruise for the best of the best ! We will meet you at the airport or your hotel in Manado City area by 12pm to transfer to the vessel on cruise departure date. Or if you are staying in Lembeh, we will coordinate the best method to collect you and advise. If you arrive early why not dive Bunaken or Bangka islands or Lembeh or take a highland tour to visit local flower market and lunch in a restaurant located above Tondano Lake. Feel free to contact us at info@mermaid-liveaboards.com for any assistance. Transfers from/to the airport and within Manado city are free of charge. Price on application for other locations.

Sorong Raja Ampat Transfer Times: We will co-ordinate your arrival and collect you from the airport or your hotel and bring you direct to the vessel. There are several reasonable hotels in Sorong plus there are some wonderful island retreats around and about that you may wish to stay at before or after your cruise. We are happy to assist with ground transport, accommodations, resort stays/local diving, air fares etc. Please contact info@mermaid-liveaboards.com

Domestic Flights: The majority of local flights need to be booked in Indonesia. Some airlines accept internet bookings such as Silk Air and Lion Air and surely more will come on line too. However we are happy to assist info@mermaid-liveaboards.com and we only add a nominal service fee to cover admin fees. Guests are strongly advised to arrive at least 1 day prior to their cruise to avoid any delays.

Water Temperature and Wetsuit recommendations:

Bali-Komodo-Bali: The Flores Sea with its usually clear blue waters, great visibility has water temperatures of approx. 26-28 degrees (northern dive locations) – a 3-5 mm shorty is okay with most guests comfortable with a 3-5mm long. The Sumba Sea (southern dive locations) has an average temperature of approx. 24 degrees – the awesome diving lets you forget about the cooler waters! Think about a 5mm long possibly adding a vest or renting a shorty to go over the top if you feel the cold. Hood, gloves and booties are strongly recommended for these cooler waters. The Alor region can also share some surprisingly cool waters like Komodo so a thicker suit is recommended and we have rentals available on board.

Raja Ampat/Misool area : The water temperature around the 4 Kings of Raja Ampat and Misool area is 28-30 degrees Celsius year round. We recommend a 3 mm long wetsuit. If you get chilly, maybe a vest for under you suit.

Biodiversity Special: Water temperatures will range between 26-30 degrees Celsius. We have a selection of long and short wetsuits on board which you can rent if you are cold or change into if you are too warm in your suit.

Equipment on board: Rental is charged on a per diving day basis. Full rental equipment is available. Dive computers are mandatory – 1 per diver. Please advise your rental equipment needs including sizes when you book. Both vessels carry mostly 12 litre tanks plus some 15 litre tanks available. There is no additional cost for a 15 litre tank or 15 litre nitrox fill – however it is subject to availability and the Cruise Director’s discretion as to who needs the larger tanks on each cruise. Tank valves are international and some DIN adapters are available on board. Any dive equipment failure or loss will require you to rent a replacement from Mermaid Liveaboards at our published rates. If Mermaid Liveaboard equipment is lost/damaged, full replacement cost will be charged at the discretion of the Cruise Director. Published equipment prices are available on board.

Camera Stations: There are several large tables on the dive deck with many rinse containers for small to super large camera/video setups. There are several power points in every cabin plus throughout the saloon area for charging. Usually our dive crew will have a laptop available in case you experience any problems with yours. As possible, we also offer a DVD burning service in case you cannot bring your laptop with you.

Electrical current and plugs: 220 volts is standard throughout the boat. 110v adapters are available. Please ask the Tour Leader on boarding if you are not sure what to use. We have a few adapters on board. The cabins can handle both the following plug types:-

Meals: Our Thai cook is excellent, preparing a variety of Thai, Indonesian and Western dishes. Please advise any special meal requirements on the guest information form.

Currency: Please pay all on board costs in € Euros, \$ US or Indonesian Rupiah. We can also accept credit card payment for all on board costs. We suggest you also have some rupiah for souvenir shopping, massages, small items etc. Exchange rates vary throughout Indonesia – the further away from Bali the lower the exchange rate. The airport's rate is lower than the rate you find at most small currency exchanges in Bali. Bank rates are low and take a long time. \$ US and € Euros are accepted by the souvenir sellers in the Komodo National Park but rupiah is preferred. There are several currency exchange services and ATM machines near Mermaid Liveaboards in Sanur and in all areas we cruise. Have a plentiful supply of rupiah for the more exotic cruises as the local villagers will come to the vessels with affordable and magical souvenirs you will not be able to resist.

Luggage and what should I bring: All luggage will be taken on board. If you have large bags you do not need on the trip, please arrange to leave at your hotel if possible or at Mermaid Liveaboards in Sanur. Other items you may need on board are bathing suits, shorts, t-shirts, sunscreen, mosquito repellent and a light weight jacket or sweater. Good walking shoes for your time in Komodo National Park and also walking through the jungles in search of the wondrous Bird of Paradise in Raja Ampat ! (Trainers are fine – slip on sandals not recommended).

Can I be contacted while on board: Both our vessels are equipped with state of the art satellite phone systems. The numbers are **Mermaid I - IDD code +870 773 185 631 and for Mermaid II IDD code + 882 167 606 0355** Guests can keep in touch with the families and loved ones at many points throughout their cruises via mobile phone and the Tour Leader will advise when signal is available. For added security, please note the satellite number and share with families and friends as the phones are on 24/7. Incoming calls and outgoing calls are available for a nominal fee of euros €3 per minute. If there is any difficulty getting through, please don't hesitate to call our Hotline Number Indonesia +62 81 337 778 077 and + 62 811 386 940 and we will assist you

Insurance: You need 2 types of insurance when planning your dive holiday – 1) Diving insurance is strongly recommended due to the high cost for you should you have a diving accident and require hospitalization and/or hyperbaric chamber care. Please contact www.diversalertnetwork.org to check which Dan area can cover you. Click on About Dan for links to all the Dan organizations around the world.

2) General travel/cancellation insurance. There are several companies around the world that can assist and one we can suggest is www.worldnomads.com for reliable and professional service recommended by The Lonely Planet.

Please note: *If you are unable to make your dive trip and the date has past our cancellation terms and conditions we are very sorry but regardless of the circumstances we cannot refund or transfer to another date.*

Medical Assistance: We cruise to remote areas however we are prepared to handle most accident or medical emergencies. Mermaid's management team is available 24 hours a day via our satellite communications to expedite tried and tested emergency evacuation plans to the nearest recompression chamber and/or hospital in Bali or Makasaar or the nearest available chamber. Our dive crews are first aid trained and we have an extensive first aid kit on board plus loads of emergency oxygen. Please bring any of your own medications that you may need. You can help as well by making sure you are in good condition for diving – prevention is always better than the cure. Please remember to dive safely and to make sure your Dan Diver's Alert Network or other dive insurance is up to date.

Malaria: Raja Ampat area

There is malaria in the region for the Raja Ampat cruise – this area is around the equator and we recommend you discuss this with your doctor. Certainly when we walk in the jungle early mornings you will need to cover up well and also use mosquito repellent. We have a supply on board but suggest you bring your preferred brands. And from the Raja Ampat Tourism Association: Papua is a malaria area and you are advised to take precautions and follow the advice from your local health centre. Note that the medication Lariam has limited effectiveness in this area due to a resistant strain of Malaria and is not recommended. Alternatives could be Malarone or doxycycline.

Malaria – Komodo area

Generally speaking basic precautions such as covering at dawn/dusk and using mosquito repellent for land tours is satisfactory. If you are in doubt whatsoever, please liaise with your doctor.

Children's Policy: Diving child 10 years or older - pays full diver price. Non diving child 12 years or older - pays full non diver rate. Child 12 years or under - non diving - pays 50% of diver rate if shares with 2 parents/guardians Child 12 years and under - non diving - pays full non diver rate if sharing with only 1 parent/guardian. Parents/guardians

have to be with the child at all times. If both parents want to dive and the child remains on board, we will hire an additional dive crew - at euros 40 per day x total number of cruise diving days - at the parent's cost to supervise the child's activities only while the parents/guardians are in the water. Please give a minimum of 4 weeks' notice to arrange this service.

I want to dive and visit and see and do...: There is loads of excellent diving in and around your holiday destination as well. Mola Mola season in Bali is mainly from August to early October but starts as early as June – plan at least 2 days for Nusa Penida for a chance to see these magnificent creatures. Contact your agent for special Liveaboard + local diving/accommodation packages. Detail how many days/diving days you would like, what class accommodation and we our Travel Team who will recommend and arrange a hassle free package to suit you info@mermaid-liveaboards.com
